REMARKS

Petitioners respectfully request expungement of the following paper from the file of the above-identified application: Appeal Brief dated January 10, 2006. The Appeal Brief dated January 10, 2006 is neither related nor material to the present application.

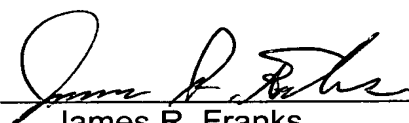

The following chronological explanation is provided for purposes of establishing the need to expunge the identified paper from the file of the present application.

- (1) The Examiner in the present application (Examiner Yoon) issued a final office action dated June 8, 2004.
- (2) Appellants filed an Appeal Brief dated January 31, 2005 in the present application in response to the final office action dated June 8, 2004.
- (3) In response to the Appeal Brief dated January 31, 2005, Examiner Yoon issued an Examiner's Answer dated May 16, 2005.
- (4) Appellants in the present case chose not to file a Reply Brief relative to the Examiner's Answer dated May 16, 2005.
- (5) An Appeal Brief dated January 10, 2006, that was meant to be filed in U.S. Patent Application Serial No. 10/295,315, was mistakenly filed in the present application by Attorney Lyndanne Whalen (registration number 29,457). The cover sheet for the Appeal Brief dated January 10, 2006, incorrectly recited the serial number of the present application (i.e., 09/911,268).

For reference, Patent Application Serial No. 10/295,315 is under the charge of Examiner Cooney. Attorney Whalen has subsequently properly filed her Appeal Brief in U.S. Patent Application Serial No. 10/295,315, and Examiner Cooney is aware of this.

In light of the authorization to pay the fee under 37 C.F.R. § 1.17(g), and the remarks provided herein, the requirements of 37 C.F.R. § 1.59 are deemed to have been met by petitioners. Expungement of the identified paper from the file of the present application in accordance with this petition is respectfully requested.

Respectfully submitted,

By 
James R. Franks
